NOTICE
NO. 18 of 2014

TO: ALL DECLARANTS

**Upload of Scanned Documents with Customs
Declarations**

Notice Number 5 of 2012 mandated the upload of scanned documents relating to the Customs declaration lodged in ASYCUDA World.

It has reached my attention that some Brokers deliberately scan blank documents with Customs declarations. This is in direct violation of the Notice and when found will give rise to sanctions against the Broker concerned.

Please be informed that Brokers who uploaded blank documents with their Customs declarations will be suspended from the use of ASYCUDA.

Please be informed accordingly.
