

GOVERNMENT OF SAINT LUCIA
MINISTRY OF FINANCE
CUSTOMS & EXCISE DEPARTMENT

NOTICE
NO. 1 OF 2015

To Importers of Containerised Cargo

In an effort at trade facilitation, the Customs Department is once again extending the service of Container examination at private premises during normal working hours to the importing public.

In that regard importers seeking this service are asked to make a verbal request to the supervisor of the External Examination unit in Castries or the Supervisor Trade Services in Vieux Fort, one working day prior to the examination.

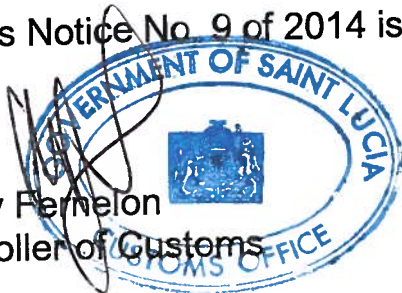

As required by law the respective fees will become applicable. Container examinations outside normal working hours can also be facilitated on the same day by making a request. No overtime application forms are required.

This service comes with the understanding that importers will make efficient use of the time in the examination process.

We trust that you will make full use of this service.

Customs Notice No. 9 of 2014 is hereby revoked.

C. Andy Fernelon
Comptroller of Customs

16th February 2015
